

2022-25 AAC Strategic Plan

Goal	2022-23 School Year Plans	2022-23 Review of Progress
1-Enhance student performance by increasing cross-curricular learning opportunities, improving educational resources and beginning an AAC Online program.	1. Create a secondary Online program that offers live classes with certified teachers using our regular American/National curriculum. 2. Horizontally align the curriculum to initiate cross-curricular instructional opportunities for teachers among the various subject areas. 3. Form a committee of teachers who explore using the school's current resources optimally and which new resources would best enhance learning.	1-

3-Improve the sense	2022-23 School Year Plans	2022-23 Review of Progress

of community and increase parent involvement in school activities.	1-Restart the PTO and the Community Board. These groups were suspended during the Covid pandemic. The PTO had general elections in the spring of 2022 and must form their committees and recruit volunteers. 2-Working with the PTO and the staff, host various cultural events at the school for the entire community, to rebuild our family environment after two years of restrictions. 3-Reinstate the semi-annual Conferences and the General meetings hosted by the Head of School.	1-

4-Provide more high quality professional development opportunities to staff, both internally and through outside providers.	2022-23 School Year Plans	2022-23 Review of Progress
	1-Continue to train our staff in the IBDP, with an emphasis on continued training for current teachers of IBDP classes. 2-Schedule more in school, teacher-hosted workshops for our staff to support each other internally as we build on our strengths and look to address areas of improvement. Along with this, the team will begin our Friday committees again, and one of them will be Professional Development. 3-Restart the New Teacher Mentor program, to support new staff members adjust to their new surroundings and begin the school year well.	1-

5-Solidify the financial planning of the school through data-driven practices and outside oversight.	2022-23 School Year Plans	2022-23 Review of Progress
	1-Create a weekly financial reporting process for the Head of School to better track revenue and expenses. 2-Solidify the process for parents who seek financial aid. This standardization should increase revenue while still offering support to families in real need of assistance. 3-Institute a Three Year Budget, with realistic enrollment and expenditure goals.	1-
